*'SHARING ADVANCES IN THE ANIMAL FEED INDUSTRY'*

# The POULTRY CONFERENCE

**Thursday 19<sup>th</sup> January 2017**

At

**The Windmill Village Hotel**  
Birmingham Road, Allesley, Coventry CV5 9AL  
Phone: 024 7640 4040

We are delighted to invite you to the Society of Feed Technologists (SFT) conference on topical and important poultry topics. With a team of experienced international speakers of the highest quality we can look forward to each paper being informative, relevant and professionally presented without commercial bias.

Delegates will receive papers from each speaker after their presentations and will have the opportunity to participate in lively debate on current topics of major importance to the industry. We look forward to welcoming you to the conference which promises to be informative and challenging.

**The conference is approved by the Society of Biology for the purposes of CPD. Individuals who are in a CPD Approval Scheme will gain 18 credits by attending this event.**

The Society of Feed Technologists (**SFT**) was founded in 1967 as a regular forum for the forward thinkers in the animal nutrition industry, to identify advances in knowledge and technology and to offer them an opportunity to discuss the importance and implications of these changes. This is achieved through the regular organisation of meetings throughout the year when members can meet and review and discuss advances in all subjects relevant to the feed industry.

# Programme

The search for alternative sources of protein in a world with competing demands for conventional protein sources is addressed by Dr Adrian Charlton, of FERA and Dr Marinus van Krimpen of Wageningen University.

The pressure for farming to reduce its use of antibiotics in nutrition is significant and Dr Siobhan Carroll examines solutions in the poultry feeding sector.

John Reed of the British Poultry Council will analyse the key economic and politically related issues affecting the poultry sector as a whole. He will be followed by two speakers, Dr Laura Beeson of AB Agri and Dr Tim Goossens of Nutriad International exploring the use of novel feed additives to improve nutritional efficiency in poultry.

Dr Robert ten Doeschate of AB Vista will bring his experience in UK and international poultry nutrition to the chairmanship of the conference.
