

**SOCIETY OF FEED  
TECHNOLOGISTS**

*'SHARING ADVANCES IN THE ANIMAL FEED INDUSTRY'*

# The Annual Pig Conference

**Thursday 2<sup>nd</sup> November 2017**

**At**

**The Windmill Village Hotel  
Birmingham Road, Allesley, Coventry CV5 9AL**

We are delighted to invite you to the Annual Pig Conference on topical and important sector issues. With a team of experienced speakers from the UK, Canada and France we can confidently look forward to each paper being informative, relevant and professionally presented without commercial bias.

Delegates will receive papers from each speaker after their presentations and will have the opportunity to participate in lively debate on current topics of major importance to the industry.

**The conference is approved by the Society of Biology for the purposes of CPD. Individuals who are in a CPD Approval Scheme will gain 18 credits by attending this event.**

*The Society of Feed Technologists (SFT) was founded in 1967 as a regular forum for the forward thinkers in the animal nutrition industry, to identify advances in knowledge and technology and to offer them an opportunity to discuss the importance and implications of these changes without commercial bias. This is achieved through the regular organisation of meetings throughout the year when members can meet and review and discuss advances in all subjects relevant to the feed industry.*

## Programme

**10.00. Conference Chairman: Dr. Steve Jagger, ABN.**

**10.05. Latest developments in fibre and starch digestion on pig health and disease**
