The Society of Feed Technologists

The Society of Feed Technologists (SFT) was founded in 1967 as a regular forum for the forward thinkers in the animal nutrition industry, to identify advances in knowledge and technology and to offer them an opportunity to discuss the importance and implications of these changes. This is achieved through the regular organisation of meetings throughout the year when members can meet and review and discuss advances in all subjects relevant to the feed industry.

Continual professional development (CPD)

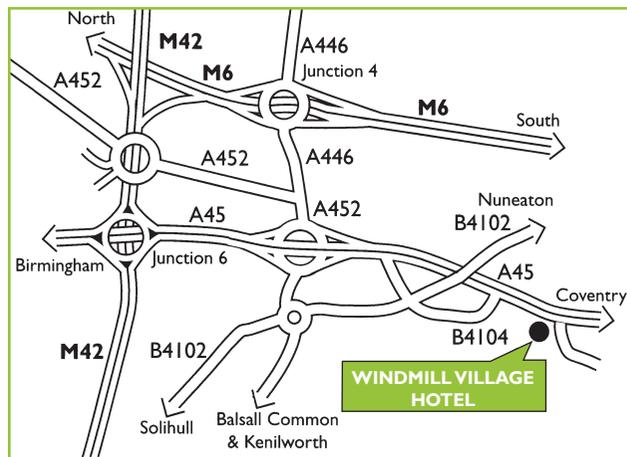

This conference is approved by the Society of Biology for the purposes of CPD. Individuals who are in a CPD Approval Scheme will gain 18 credits by attending this event.

This programme was drawn up with the assistance of the following members of the Society of Feed Technologists.

Birmingham Road, Allesley, Coventry, CV5 9AL
 Tel: 02476 404040 Fax: 02476 404042

The hotel is situated on the A45-westbound from Coventry

Directions from M1 from the South

Take junction 17 sign-posted M45 to Coventry/Birmingham. Stay on the M45 and then A45 for approximately 20 miles. The hotel is on the A45, 200 yards past the junction for the City Centre A4114.

Directions from M1 from the North

Take junction 23a sign-posted A42/M42 to Birmingham. Stay on the A42 and then M42 and then take junction 6 sign-posted A45 to Coventry. Take the slip road for the City Centre A4114. At the bottom of the slip road take the 5th exit from the roundabout back onto the A45 to Birmingham. The hotel is 200 yards on the left.

Directions from M6, M40 and M42

From M6 take junction 4 onto M42 to NEC & Airport. If coming from M40 proceed onto the M42 to the NEC & Airport. Take the slip road for the City Centre A4114. At the bottom of the slip road take the 5th exit from the roundabout back onto the A45 to Birmingham. The hotel is 200 yards on the left.

SOCIETY OF FEED
 TECHNOLOGISTS

PIGS

5 November 2015

Windmill Village Hotel
Coventry

For Whom

Pig Specialists from the feed supply chain eg Technical Advisors, Nutritionists, Buyers, Quality Control and Production personnel involved in animal feed production for pigs. Vets will also be able to update their technical knowledge and stay at the leading edge of the latest scientific developments. This programme is also appropriate for farmers involved with pigs and companies are therefore welcome to invite their customers to the conference.

Introduction

We are delighted to invite you to the Society of Feed Technologists (SFT) conference on topical and important pig topics. With a team of experienced international speakers of the highest quality we can look forward to each paper being informative, relevant and attractively presented.

The conference will focus on two different but highly relevant areas of pig production – the breeding herd and young piglet performance. The importance of litter size and the impact of early piglet growth on lifetime performance and profitability will be examined by Dr Dean Boyd from University of North Carolina, while Dr Emma Baxter, SRUC will discuss improving litter survival. The final paper on the topic of breeding will be presented by Professor Paul Hughes who will concentrate on getting the most from the breeding herd. The paper relating to the young piglet from Dr Carsten Pedersen discusses the effects of ANF from soya on young animal nutrition. With the continued public focus on antibiotic resistance, we will get a Belgian perspective on reducing antibiotics in pig production from Merel Postma, University of Ghent, and Jean-Paul Lalles, INRA will present a paper on improving gut health through nutrition.

The conference is approved by the Society of Biology for the purposes of CPD. Individuals who are in a CPD Approval Scheme will gain 18 credits by attending this event.

Delegates will receive authoritative updates and participate in lively debate on current topics of major importance to the industry. We look forward to welcoming you to the conference which promises to be informative and challenging.

Programme

- 10.00 Chairman**
Dr Kevin Stickney, Harbro Ltd
- 10.15 Increasing litter size born: Impact of lifetime progeny growth and profitability**
Dr R Dean Boyd, Hanor Company & North Carolina State University, USA
- 11.00 Improving piglet survival**
Dr Emma Baxter, SRUC
- 11.45 The role of ANF from soya in young animal nutrition**
Dr Carsten Pedersen, Hamlet Protein
- 12.30 Lunch**
- 14.15 Chairman**
Dr Kevin Stickney, Harbro Ltd
- 14.25 Getting the most out of the breeding herd**
Professor Paul Hughes, Paul Hughes Consulting (Australia) and University of Leeds
- 15.10 Reducing antibiotics in pig production: A Belgian perspective**
Merel Postma, Ghent University, Belgium
- 15.55 Improving gut health through nutrition**
Dr Jean-Paul Lalles, INRA, France
- 16.40 Tea and close of conference**

Tear off here

Registration – Pigs

SFT Members

£130.00 + 20% VAT = £156.00 (Sterling)

Non Members

Non members are permitted to attend providing they become members of the Society at the special reduced annual subscription rate of £27.50 + 20% VAT = £33.00 **for the first year only.**

Fees payable will therefore be:

£157.50 + 20% VAT = £189.00 (sterling)

(Fees include coffee, lunch, tea and conference papers).
